

Starlinger is a pioneer for machines and process technology in the international circular economy for plastic packaging solutions. We are convinced of our mission, we accept professional and personal challenges and believe in the quality, necessity and positive impact of our work. Our innovative achievements give us security and stability for further great ideas and the opportunity to make our company fit for the future.

To strengthen our team in Weissenbach an der Triesting we are looking for

Technische/r Redakteur/in (m/w/d)

Your Contribution

Are you able to formulate complex technical contexts in a simple and understandable way? Then as a technical editor in our documentation department in Weissenbach a. d. Triesting, you have the opportunity to contribute your skills as an eloquent technical expert to a highly professional team and work with us to shape the

That's what your role is all about

- You will create and maintain our standard-compliant technical documentation, such as operating and assembly instructions for our machines and systems.
- You will prepare the relevant texts for the target group in a way that is easy to understand, correct and suitable for translation.
- You will create and edit technical illustrations from various source formats.

future of our technical documentation.

- You will carry out technical research independently in coordination with the specialist departments.
- By adhering to the documentation processes and the relevant standards and guidelines, you will make a significant contribution to ensuring that our documentation is up to date and correct all times.

You can utilise these skills

- Completed technical or linguistic training with an interest in technology, ideally a degree in technical drawing or technical writing.
- Impeccable German linguistic expression and the ability to formulate complex contexts in an understandable way.
- Experience as a technical editor in a mechanical engineering company, whereby knowledge of XML-based editing systems is an advantage.
- Knowledge of 3D-CAD applications (Solidworks Composer or similar).
- Sound knowledge of MS Office.
- You have a high sense of responsibility and strong communication skills and you are reliable and goal-oriented.

We can prepare this offer for you

- A varied position in an international company, in an interesting, rapidly growing and innovative field
- A committed and dynamic team
- Company events
- Participation in the company's success
- Home office option (currently one day/week)
- Flexible working hours

For legal reasons, we would like to point out that the collective agreement minimum salary is Euro 2.947,89 gross/month. Based on qualifications and existing previous experience we will pay on market level.
