

Internship Summer 2025

Would you like to make good use of your summer holidays and gain valuable insights into the world of work? We are looking for motivated and committed holiday interns to support our team during the summer months.

Who we are

Plastic, when used properly and in the right areas, is recognized as one of the most sustainable packaging solutions worldwide and cannot be replaced by alternative materials in numerous application fields.

Starlinger is a pioneer in the resource-efficient use of this raw material and offers its machines and process technology for woven plastic

What awaits you

- Collaboration in young, dynamic teams.
- The opportunity to gain practical experience in order to develop professionally.
- We are looking forward to support in following areas: production, assembly, design, administration etc.

bags as well as plastic recycling
plants worldwide

What you bring to the table

- You are attending a university of applied sciences or secondary school (technical, business) and would like to do an internship
- You are at least 16 years old
- Your German is perfect

What we offer you

- A varied position in an international company, in an interesting, rapidly growing field.
- We attach great importance to innovation, sustainability and teamwork.
