

Starlinger is a pioneer for machines and process technology in the international circular economy for plastic packaging solutions. We are convinced of our mission, we accept professional and personal challenges and believe in the quality, necessity and positive impact of our work. Our innovative achievements give us security and stability for further great ideas and the opportunity to make our company fit for the future.

To strengthen our team in Weissenbach an der Triesting we are looking for

Strategic Global Procurement (m/f/d)

Your Contribution

In a volatile market environment, you will analyse and tap into global procurement markets with a forward-looking approach, secure sustainable competitive advantages and optimise complex transport cost structures. Drawing on your experience, you will turn market dynamics into maximum success, thereby making a decisive

That's what your role is all about

- You are responsible for ongoing market analysis, as well as the identification, qualification and integration of new international suppliers.
- Negotiating framework agreements with suppliers and carriers, adapting Incoterms and conducting targeted tenders are at the heart of your role.
- The use of dual and multi-sourcing strategies to minimise risk and achieve sustainable cost advantages is second nature to you.

contribution to the company's long-term success.

- Our global production sites and their manufactured products are fully integrated into your global sourcing strategy.
- You analyse and optimise our global supply chains and good flows holistically.
- You will establish global, standardised procurement processes and ensure they are implemented.
- You will proactively manage the networking of our technical buyers to consolidate procurement volumes and promote the exchange of best practices to avoid interface losses between product groups.
- You naturally maintain direct contact with key suppliers at their own sites.

You can utilise these skills

- You have a technical background at a Higher Federal Technical College level, ideally combined with a business qualification (e.g. industrial engineering, business administration, supply chain management)
- You have at least 10 years relevant procurement experience, including 5 years in an international role.
- You have proven experience in global sourcing and best-cost country projects.
- Your language skills in German and English are at least at C1 level.
- Your professional demeanour, combined with strong communication and intercultural skills, makes you a respected point of contact for our suppliers.

We can prepare this offer for you

- A varied position in an international company, in an interesting, rapidly growing and innovative field
- A committed and dynamic team
- Company events
- Participation in the company's success
- Home office option (currently one day/week)
- Flexible working hours

The basic salary for this role, as set out in the collective agreement, is approx. Euro 4.000,-- gross per month, for candidates with appropriate qualifications and professional experience, we offer

overpayment in line with market rates.
